## Strike Cuts Lumber Moving From City Yards

### LATEST Strike Ends Here For Small Plant

One small Victoria lumber factory, Slater Mills, John Street, will sign a contract with the International Woodworkers of America today providing for a 10-hour week, 25-cents-an-hour pay increase and union shop and check-off. I.W.A. headquarters here announced this afternoon.

The mill, making broom handles and laths, will re-open Friday morning. It employs less than 10 men.

At the same time the I.W.A. here announced three Victoria non-union retail lumber firms this afternoon met the union, which is trying to halt the sale of lumber from their offices.

### West To Protest

REGINA (CP)—A joint brief protesting any proposal of increases in freight rates will be presented to the federal government by British Columbia, Alberta and Saskatchewan. Premier T. C. Douglas said here today. Preparations of the brief regarding the "inequitable" nature of the present freight rates is underway the Premier said.

### Leave Manchuria

NANKING (AP)—Liu Chieh, Chinese Vice-Minister of Foreign Affairs, said today he had been informed all Russian troops had been withdrawn from Manchuria.

### Record Acreage

WINNIPEG (CP)—The Winnipeg Free Press, in its first 1946 crop report issued here today, stated prairie farmers are seeding the largest cereal acreage in the history of Canada.

Nearly 43,000,000 acres will be sown to the major grains this season, including 24,000,000 acres to wheat, 10,663,000 to oats, 6,828,000 to barley, 448,000 to rye and 1,044,000 to flax.

### Truman Calls For Coal Arbitration

WASHINGTON (AP)—President Truman announced today he had asked John L. Lewis and the coal operators to submit their deadlocked contract negotiations to arbitration.

Mr. Lewis and Charles O'Neill, official spokesman for the operators, said they would give their decision to Mr. Truman at 6:30 p.m., E.D.T.

### 27 Die In Crash Of U.S. Airliner

RICHMOND, Va. (AP)—Twenty-seven persons were killed today in the crash of a south-bound chartered airliner which ran into trouble a few minutes after its take-off from the Byrd Airport near Richmond and plunged into a rain-drenched stand of pine woods in a vain attempt to return to the field.

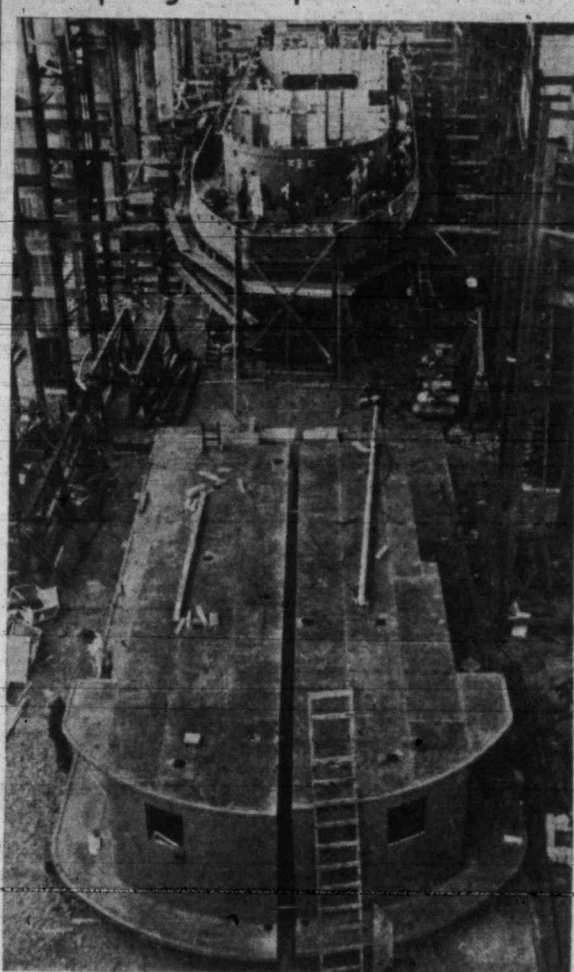

Twenty-seven bodies were brought out of the woods from the crash scene. Identification was difficult but it appeared the victims were 21 men, three women and three children. The men included the pilot and co-pilot.

### China Buys Ships Built Here

Three of the four China coaster type vessels built at Victoria Machinery Depot Co. Ltd. have been purchased by the Chinese government for trade on the China coast, it was learned today.

The third of the coasters to be built at V.M.D. went on trials out on Juan de Fuca Straits today. The fourth coaster was purchased by Union Steamships Co. Ltd. and was launched at V.M.D. Wednesday evening.

### Cut Up Tug For Shipment

—Photo by Duncan Macdonald.

A 120-foot tug is shown being cut into 12 sections at Yarrow's Ltd. for shipment on gondola cars to the Northern Transportation Co. Ltd., at Waterways, Alta., 350 miles north of Edmonton. In the foreground are two sections of the superstructure. The hull of the tug, background, will be cut up in five sections. Parts are expected to leave here over the week-end for the Alberta point, where the tug will be reassembled and launched. Reassembly will take approximately two weeks.

### Plans Ready For \$400,000 Theatre On Yates St., Odeon Head Says

Every effort is being made to begin early construction of the proposed new \$400,000 Odeon Theatre on Yates Street, opposite the Dominion Hotel, according to the Hon. J. Earl Lawson, K.C., Toronto, president of Odeon Theatres of Canada Ltd., who is in Victoria today on a general survey of Odeon Theatres in Canada.

Mr. Lawson received the plans and specifications for the new theatre as he left for Victoria Wednesday. Tenants occupying the building where the theatre will go are expected to be out by the end of the month. Demolition and construction work will start as soon as possible, but Mr. Lawson could give no definite dates owing to present condition of the materials market. However, Mr. Lawson said, the Victoria theatre was one of the first on the new theatre list.

In his brief visit here, Mr. Lawson examined Odeon Theatres with a view to discovering what improvements could be made. He anticipates considerable improvement in Odeon Theatres throughout Canada in general.

The proposed new theatre here is one of 64 new theatres to go up in Canada for Odeon.

The company had already established a studio outside of Toronto to make educational, travelogue and industrial films, Mr. Lawson said. It is also proposed to make up a weekly news reel, consisting of entirely British and Canadian news events. Mr. Lawson looked for an early start on production of special pictures for children at the Toronto studio.

There would be local quarters

HON. J. EARL LAWSON, K.C.

In various Canadian points for the purpose of filming some of these pictures, Mr. Lawson said. Mr. Lawson spent some time in Canadian politics, and was first elected to the House of Commons in a by-election in 1928 as successor to Sir Henry Drayton. He later became minister of national revenue in the Bennett cabinet in 1935. He did not run in the 1940 elections.

On his B.C. tour, Mr. Lawson is accompanied by J. H. Booth, district manager for Odeon for B.C., and Frank Fisher, chief buyer and booker for Odeon in Canada.

On May 18, Mr. Lawson is leaving by plane for eastern Canada to meet J. Arthur Rank, head of Odeon Theatres in Great Britain, and John Davis, general manager.

### Offer Rejected

WASHINGTON (AP)—Union representatives announced today that the railroad operators had rejected a modified union wage increase proposal. They said both sides would report to President Truman today they are unable to agree.

A. F. Whitney, president of the Brotherhood of Railroad Trainmen, said the country-wide railroad strike of engineers and trainmen still is set for Saturday afternoon.

### Gromyko Back In U.N. Council; Rules Discussed

NEW YORK (AP)—Andrei A. Gromyko, Soviet Russian delegate, returned to the United Nations Security Council today as it took up proposals for 34 new rules. He walked into the Chamber alone and was seated when the session began at 11:05 a.m.

The new French delegate, Alexandre Parodi, was seated in place of Henri Bonnet, French Ambassador to the United States. Mexico still was represented by Rafael de La Collina, sitting in place of the newly-appointed permanent delegate, Louis Pad La Nerve.

The Council immediately took up the proposed rules and there was no opportunity for Australian delegate Paul Hasluck to ask Mr. Gromyko how he thought his absence from the Council sessions had affected his Big Five veto power and what legal effect he believed it had had on meeting of a short-handed, 10-power Council.

### IRANIAN ISSUE

The Russian delegate boycotted the session last week in protest against renewed discussion of the now-quietest Russian-Iranian issue. At that time Mr. Hasluck said he regretted Mr. Gromyko was not present because he felt the Council must "obtain from the absent member a clearer idea of what he claims is the effect of his absence."

However, the Council's committee of experts on procedure sidestepped the veto question raised by Mr. Hasluck and left it for later determination.

Today's Council agenda listed two highlights:

1. A new rules section providing for strict secrecy over confidential meetings and documents.
2. A U.S. proposal to defer the admission of new member nations, which would block the Russian-supported application of Albania.

### \$28,000 Apartment Block To Be Built

A new 10-suite frame and stucco apartment building will shortly go up at 919 Vancouver St. Today a building permit for the \$28,000 structure was issued L. W. Brooks.

The work will be done by day labor.

A permit for alterations and repairs to the stage at the Royal Victoria Theatre, including a new floor, was issued to Famous Players today. This phase of the Royal Victoria renovation work will cost \$3,000.

### May Award Contract For Arena Monday

Contract for the footings and foundations of the Memorial Arena may be let at a special meeting of the City Council called for next Monday morning.

Bids from the Commonwealth Construction Co. Ltd., and George H. Wheaton were opened at a meeting of the Arena committee this morning. Ald. R. A. C. Dewar, committee chairman, said following the meeting.

The tenders were referred back to the architects, Douglas James, D. C. Frame and Hubert Savage for report and recommendation, which is to be made by Saturday.

Construction work will start immediately the contract is let.

### Veterans' Housing Has Lumber For A Week

Victoria Housing Ltd., which is building 150 wartime houses for veterans has sufficient lumber to carry on for approximately a week, Ald. Edward Williams, manager of the company, said today.

By next Wednesday, unless the woodworkers strike is over and lumber supplies are again coming in, only a skeleton crew will be kept on the 110 houses still in the process of building.

Thirty-two of the houses have been completed, eight are almost done, and 20 more are ready for plastering.

### 50,000th On Way Home Is Victoria Man

Pte. L. Martin, son of Mr. and Mrs. W. Martin, 1338 Minto Street, and 50,000th man to pass through No. 4 Canadian Repatriation Depot at Witley, Surrey, receives a combination lighter and ash-tray from Brig. A. B. Connelly, commandant of the unit. At left is Lt. Col. L. S. Henderson, D.S.O., of Victoria, commanding officer of the 4th Battalion, Canadian Scottish, of which Pte. Martin is a member. The battalion, until recently a part of the Canadian Army of Occupation in Germany, returned to Canada aboard the Ile-de-France and members are expected to reach Vancouver Saturday or Sunday. Victoria men of the battalion will arrive here a day later.

### Federal Union Of India Plan Drawn Up By Britain

LONDON (CP)—A six-point plan for a federal union of India was announced in the House of Commons today by Prime Minister Attlee.

Published as a government white paper, the plan was drawn up by the three-man cabinet mission to India following its unsuccessful negotiations for Indian leaders themselves to formulate a plan for Indian independence and an interim government to rule while the new constitution was being drafted and adopted.

The plan sets forth these six points:

1. Establishment of a federal union of India embracing both what is known as British India and the 600 princely states of India; the union government to have control of foreign affairs, defence and communications and the power to raise money for those purposes.
2. A central executive branch of Lord Pethick-Lawrence, Secretary of State for India; Sir Stafford Cripps, president of the Board of Trade, and A. V. Alexander, First Lord of the Admiralty, also recommended an interim government be set up in which all offices would be held by Indians. The government would rule while the proposed new constitution was being put into effect.

### ALL-INDIA ASSEMBLY

A major question before the Legislature would have to have a majority of the whole Legislature for passage and also a majority of each of the two major parties in the Legislature—the predominantly Hindu Congress Party and the Moslem League.

3. All other subjects of government—the residuary power—to be vested in the provinces.
4. The princely states also to retain all powers not ceded to the union.
5. Permission for the provinces to form regional groups which likewise would have executive branches and Legislatures. Each

### Vancouver Nurses Organize Union

VANCOUVER (CP)—Graduate nurses at the Vancouver General Hospital will seek higher wages and "changed working conditions" following their formation of a new union, William Black, business agent for City Hall Employees' Association, announced today.

Mr. Black said about 150 graduate nurses are enrolled in the union, being organized as a new division of Local 180, Vancouver Hospital Employees' Federal Union.

Next move, he said, will be to obtain certification of the new nurses' union.

At present, Mr. Black said, maximum pay for graduate nurses is \$120 a month. He said a nurse must work three years before she attains that wage.

### Union Striving To Close Three Shops Still Open

Distribution of lumber through retail outlets and for export was almost brought to a standstill in Victoria today as the International Woodworkers of America's province-wide strike went into its second day.

Union officers, who called the strike among the 37,000 woodworkers of the province at 11 Wednesday morning, reported all logging camps, sawmills and lumber manufacturing plants in the Victoria area today were closed down tight and that no trouble had been experienced in effecting picketing of the plants.

Not a board had been moved out of the strike-bound plants, I.W.A. officers said here.

Lumber, however, is being distributed by three unorganized retail lumber firms today while the union was making efforts to close these offices. Union officers said they would ask the managements of the Sidney Lumber, 2116 Government Street; Stewart & Hudson Retail Lumber Yard, 405 Gorge Road, and Victoria Lumber Yard, 1901 Government Street, to close their offices.

The firms, cut off from the

supply sources with the closing of the sawmills, have lumber on hand for only a few days.

Meanwhile at the Outer Wharf Ms. Barranduna is loading 500,000 board feet of lumber for San Francisco today. This ship may be the last to take lumber out of Victoria.

While agents reported enough lumber was on scows at the Cameron Lumber Co. Ltd. sawmill to partially load two other ships, union officers indicated they may not permit these scows to be moved from their present berths to the outer docks for unloading on freighters.

### Patrol Ship For Harbor Picket

The union has a patrol ship on the Inner Harbor forming a water picket of the sawmills and plants in the harbor area.

The I.W.A.'s strike and picket lines by agreement are being respected by the International Longshoremen's Union here and the Teamsters' Union.

Teamsters have agreed not to cross sawmill picket lines to remove cut lumber from the sawmills, while the longshoremen have agreed not to load ships with lumber other than that removed from the sawmills before 11 Wednesday morning.

The Barranduna is being loaded from three scows which have been lying at the Outer Wharf since before the strike deadline. Generally speaking all lumber

not removed from the sawmills here before the strike deadline is considered by trade unionists, both C.C.L. and A.F.L., as "hot" and will not be handled by them.

The I.W.A., however, has instructed picket lines, which were thrown around Victoria sawmills and lumber plants a few minutes after the strike had been effected Wednesday morning, to permit trucks to enter the sawmills with new machinery and equipment. Union officers said they would not permit installation of this equipment during the strike.

Maintenance crews, carrying special permits from the I.W.A., are also permitted to enter the strike-bound sawmills to maintain equipment which might suffer if left idle for some time.

### Loggers Remain At Camps

I.W.A. officers reported that in the Victoria district loggers were staying at the camps and shifting for themselves as far as possible for food and lodging while the strike continues. Cook and bunkhouses in some camps have been closed.

The union had issued an appeal to loggers to stay at their camps since accommodation for them is not available in the cities and so that the woodworkers could return to work immediately should the strike be ended.

On the other hand several up-land logging operators were maintaining their cookhouses and bunkhouses during the strike so that the strikers will have accommodation.

In Vancouver it was reported that logging employment offices were being picketed and no withdrawal cards would be issued by the union.

Tugboats, without log booms to haul from logging centres up the west and east coasts of the island, were reported heading for Victoria and Vancouver to be tied up. Supported in the main by the lumber industry, the tugboat industry will have to tie up a majority of its craft if the strike continues long.

Since interior box factories would have difficulty supplying the demand for apple boxes and

fruit crates for the anticipated bumper crops this season, even if they worked every day until the harvest had been completed, each day of the strike may reduce the quantity of fruit which will be marketed this year.

The fish-canning industry will also be hard hit by the strike if it continues, since 3,500,000 boxes are used annually in the marketing of fish. Closing down of this industry would send home several thousand cannery workers and fishermen.

Probably the first industry secondary to the sawmill and lumber plants which will be forced to close if the strike continues will be the construction industry.

Sawmills and logging camps are working in the Prince George district, where the Northern Interior Lumbermen's Association today was scheduled to meet with I.W.A. representatives in discussions of union demands. The strike had been postponed 24 hours to allow for further negotiations.

The operators were reported as willing to accept any reasonable proposal which they can meet while continuing to operate financially.

The Prince George area, however, produces but 6 per cent of the total B.C. lumber output.

### Ready To Discuss Settlement

Union officers in Vancouver have reported they were prepared to meet the government or employer representatives at any time to bring about an amicable settlement in the dispute.

Harold Pritchett, I.W.A. district president, announced Wednesday night, however, the union was not willing to have P.C. 1003 invoked as the award of any conciliation board was not binding on either party.

R. V. Stuart, negotiator for 147 lumber operators, had announced previously that the operators were requesting that P.C. 1003 be invoked.

Today in Vancouver operators proposed that a referendum vote

be taken by the Department of Labor to test employee reaction on a recent proposal of a wage increase of \$1 a day.

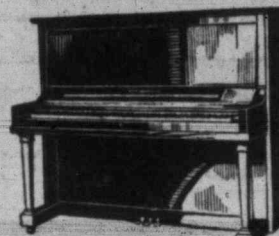

The operators pointed out that the present strike was called on the basis of a strike vote taken last February before any wage increase had been offered.

"This offer has never been referred back to the rank and file of the union membership," said Mr. Stuart. "Instead, about 32,000 employees, many of them highly skilled, have been called out on the basis of a vote taken 14 weeks ago. In this vote, it is understood, only a small minority of the union members cast ballots."

## 3 PIANO SPECIALS!

## A PENNY IS A LOT OF MONEY

Safeway prices are always low—always right to the penny—every day and every item.

Business is Moving to B.C. That slogan is ringing throughout Eastern Canada and the United States by means of the great advertising campaign being conducted by the B.C. Electric to bring industries to this province. National publications such as Time, Fortune, the Financial Post and Wall Street Journal are carrying the message of British Columbia's attractions for industries. Thousands of pieces of literature are being given away as inquiries come in. Make this YOUR slogan: **BUSINESS IS MOVING TO B.C.**

**B.C. Electric**

## Dog Eats 30,000 Vitamin Tablets

PHILADELPHIA (AP)—It's a good thing the men of Canada's recently-completed Muskox had no need for vitamin tablets—an Eskimo dog gobbled up their entire supply of 30,000 at one sitting.

Dr. F. H. L. Taylor of Boston, member of a Harvard laboratory party which assisted Canadian Army scientists in making physical fitness tests of the Arctic adventures before and after their Arctic trek said Wednesday the men came through physically well and some had fitness scores "equivalent to those of Harvard athletes."

Here to address the American

## Walter Akenhead, Nanaimo Pioneer, Killed By Bus

Walter Akenhead, 76, a pioneer resident of Nanaimo and nearby districts, who at one time drove a four-horse stage between Nanaimo and Courtenay, was almost instantly killed Wednesday afternoon when struck by a bus operating on the Nanaimo-Courtenay route.

The accident occurred on Comox Road, near the Arena, at about 2 in the afternoon. B.C. police said the driver of the bus which struck him was J. E. Thompson of Courtenay. He was rushed to hospital by ambulance but was dead on arrival.

The late Mr. Akenhead, who was in the district 75 years, operated a large hotel at Northfield in the early coal mining days and was known throughout the province as a breeder of fine horses. He operated a livery stable and horse-drawn ambulance during the 1918 influenza epidemic.

Surviving are his widow, who resides on Wallace Street; four sons, Arnold, Clive, Raymond and Reynolds, and a daughter, Mrs. Peter Maffeo.

An inquest will be held before Coroner H. W. Jones of Nanaimo tomorrow or Saturday.

## 5-Year Term For Wounding Chinese

Five years at hard labor in the penitentiary was the penalty imposed on James W. Easton in city police court today for wounding with a hatchet and robbing a Chinese vegetable store clerk in a store at 1611 Douglas Street last Monday afternoon.

Easton today was given a second opportunity by Magistrate Henry C. Hall to address the court and present character evidence before sentence was pronounced. He declined with a shake of his head.

Easton, about 24 years of age who was said to have been employed up to a short time ago on coast steamers, showed no signs of emotion as the penalty was pronounced and he was led back to the cells.

Douglas Lowe, 17-year-old Chinese boy who received a severe cut on the back of his head in the robbing of the store's cash register of \$29, was said to be making satisfactory progress at Jubilee Hospital. Easton was arrested an hour after the robbery by Constables Robert Mafr and Norman Bath of the city police.

## Yoshida Named Japanese Premier

TOKYO (AP)—Foreign Minister Shigeru Yoshida, old-school Conservative once imprisoned as a peace-monger in war-bent Japan, today was named Premier to succeed another Conservative, Baron Shidehara. He began at once to select his cabinet.

He had withheld acceptance of the post throughout several days' negotiations, while soliciting co-operation in the new, many-party Diet which today took its first half-step toward organization.

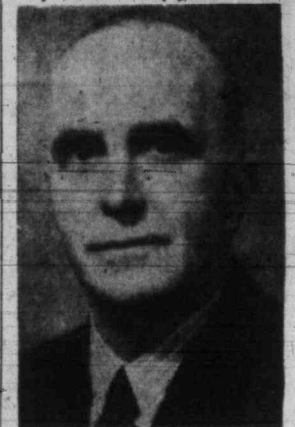

Despite specific clearances from Gen. MacArthur, and a record of wartime confinement by Japanese militarists, Yoshida has "black clouds" in his past, Communist Diet representative, Sanni Nozaka asserted. Several hundred union laborers demonstrated today against a "Shidehara-Yoshida" coalition.

## April Record In Newsprint Output

MONTREAL (CP)—Production and shipments of newsprint by Canadian mills during April were a record and substantially in excess of March and the like month in 1945, the monthly survey of the industry by Newsprint Association of Canada issued today showed.

Output for the month was 337,862 tons, an increase of 92,433 tons or 37.7 per cent over April, 1945, and an increase of 3,935 tons over March. April production increased 117,019 tons or 53 per cent over April, 1939. Production represented 93.8 per cent of capacity.

## Royal Bank Appointment

F. J. Lynn, assistant supervisor of British Columbia branches for the Royal Bank of Canada, who is relinquishing his present post to assume important new duties in the Pacific coast area, with headquarters in Vancouver. Mr. Lynn has had wide experience with the bank in Canada and in Cuba, where between 1915 and 1930 he served as joint manager of Havana branch, inspector and assistant supervisor of Cuban branches. Prior to his appointment as assistant supervisor at Vancouver, he was manager at New Westminster.

## Weather

Synopsis—Clear skies are expected to persist in the interior and southern coasts of the province today and Friday. Over the north coast and Charlottes, however, moist air from the Pacific is giving continued cloudy conditions. Temperatures are expected to be slightly higher in the interior today with little change along the coast.

Victoria and Vicinity—Clear today and Friday. Winds light except southwest, 10 miles an hour in afternoon.

Vancouver and Lower Fraser Valley—Clear today and Friday except for variable cloudiness in early morning tomorrow. Winds light except west, 10 miles an hour in afternoon.

Straits of Georgia—Clear today. Clear Friday except variable cloudiness in morning. Winds northwest 15.

West Coast Vancouver Island—Overcast except locally, cloudy during afternoon today and Friday. Winds northwest, 15 miles an hour. Estevan temperatures tonight and Friday.

## Assize Jury Acquits Bariam Singh On Murder Charge

A verdict of not guilty, acquitting Bariam Singh, 60-year-old East Indian on a charge of murdering Sunda Singh, on or about Dec. 26, 1945, was returned by an Assize court jury shortly before midnight Wednesday, after it had deliberated five and a half hours.

Before discharging Singh and the jury, Mr. Justice Manson told Carew Martin, K.C., Crown counsel, that some doubts had arisen in his mind as to the mental condition of the accused.

Mr. Justice Manson said: "You as representative of the Attorney-General should report those doubts at once and ask for directions. A mental enquiry should be made in my opinion," he said.

## Calgary Livestock

**Says Canada Plays Game On Markets**  
WASHINGTON (CP)—Florentio H. La Guardia said Wednesday he would recommend 90 per cent milling extraction of flour from wheat even in the face of protests from U.S. millers that Canada's low-extraction-rate flour was winning Latin America markets away from the United States.

Mr. La Guardia, director-general of Unrria, told a press conference he could not believe Canada was doing anything out of line. (Extraction rate in Great Britain is 90 per cent).

## Germans In British Occupied Zone Facing Starvation Period

HERFORD, Germany (AP)—British military food administrators today warned 9,000,000 persons in the British occupation zone in Germany may be placed on starvation rations of 500 calories or less daily unless there are substantial grain imports within the next few weeks.

German food rations in the British zone now are at the starvation level of 1,050 a day. The administrators told a press conference the further reduction might be necessary unless additional food is imported between now and this year's harvest. A Military Government health officer said the present ration scale is not sufficient to maintain health over a period of time.

He said it was expected the over-all death rate, which rose sharply in April from 12 per 1,000 per annum to 14 per 1,000 per annum, would show further severe increase during the summer.

The majority of Germans have until now been able to avert starvation by drawing on stocks accumulated before the end of the war, a food official said, but "these stocks are now definitely exhausted" and Germans in urban districts will have to live entirely on rations.

He said each German on normal rations eats daily: Four and a half slices of bread, one square inch of meat, one tablespoon of ersatz coffee, one quarter pint of skimmed milk, one tablespoonful of vegetables, one half cubic inch of fat, a half teaspoonful of jam, and a half teaspoonful of sugar.

The normal consumer now receives no potatoes.

## Tories, C.C.F. Join In Criticizing Government's Price Policies

OTTAWA (CP)—Progressive Conservative and C.C.F. members of the Commons lined-up opposite Liberal spokesmen Wednesday in a renewal argument on the government's price ceiling policy.

The argument brought a new development in the form of a C.C.F. motion of non-confidence in the government because of its action in allowing increases in the basic price of steel and in the prices of farm implements. The motion, moved by Mrs. Gladys Strum, C.C.F., Qu'Appelle, Sask., would replace a non-confidence motion moved May 6 by John Bracken, Progressive Conservative leader.

The argument also brought from Robert Mayhew, Lib., Victoria, Parliamentary Assistant to Finance Minister Ilesley, the statement that the recent increase of 12½ per cent in the cost of farm machinery was allowed after "exhaustive" study. There was evidence that increases in production costs were "substantially in excess" of the 12½ per cent increase.

Mr. Mayhew said he approved of higher prices for farm and other products as long as they could be controlled. Occasional adjustments should be made, but they should be "timed" and controlled.

Douglas Harkness, P.C., Calgary East, said hog-producers in Alberta were on a semi-strike because of the price they could get for hogs and the price they could get for barley. He said it was time the government removed the controls it had forced on the people in wartime. Farmers were being asked to bear too heavy a burden.

## Flag Selections Whittled To 5

OTTAWA (CP)—The Parliamentary flag committee whittled its choice to five designs Wednesday, with Senator Leon Mercer

## Identification Failure At Trial

VANCOUVER (CP)—William Robertson, 18, was acquitted here Wednesday night of manslaughter and failing to remain at the scene of an accident.

He was convicted only on a charge of "driving in a manner dangerous to the public." A strong plea for leniency was submitted by the jury.

The Crown failed to re-establish in assize court the identity of a man allegedly struck down by a fuel truck driven by young Robertson.

The error occurred during testimony of a city police constable. He had previously testified to finding an injured man whom he later identified at the city morgue as Thomas K. Paton, a laborer.

The Crown neglected to establish in assize court the identity of the constable had made at the preliminary hearing.

## Publication Of Salaries Of C.N.R. Men Opposed

OTTAWA (CP)—Suggestion by a committee member that salaries paid officials of the Canadian National Railways should be made public was opposed Wednesday by R. C. Vaughan, C.N.R. president, at a meeting of the Commons railway committee. Mr. Vaughan said the salaries were so low the officials would be "ashamed" to have them made known.

Transport Minister Chevrier opposed the idea on the ground that it had not been done previously and because it might lead to other firms attracting officials who were receiving low salaries.

Leslie Mutch, Lib., Winnipeg South, opposed publication. He said the public and shareholders were not able properly to assess the value of management.

The discussion ended without action being taken.

## Accidents In B.C. Lumbering Increase

VANCOUVER (CP)—Accidents in the lumbering industry in B.C. in the first four months of this year increased 15.1 per cent over the comparable period a year ago.

This is an increase in the gross number of claims as shown in figures released by the Workmen's Compensation Board.

But there were fewer accidents in April in loss of time to workmen than in March. Accident claims in logging alone, during the first four months, were up 24.4 per cent from a year ago. In milling, the increase was 5.9 per cent; in pulp and paper, accident claims were down 6.1 per cent.

In the same period, 17,977 claims were reported to the board, as against 17,849 from January to the end of April, 1945.

**Body Of Boy Found**  
BURNABY, B.C. (CP)—Burnaby detachment provincial police are investigating the possibility that the badly decomposed body of a youth found in Burnaby Lake may be that of Robert (Bobby) Martin, missing from his home since Oct. 29.

## Why Milk Is Irradiated

Some years ago scientists discovered that if milk is irradiated under certain light rays the vitamin content is increased.

Because these are the vitamins which make for strong bones and teeth Pacific Milk adopted the process to make this a finer food for children.

#### EVERYBODY STANDS TO LOSE

BRITISH COLUMBIA'S MAJOR INDUSTRY ceased operations at 11 o'clock yesterday morning. Approximately 37,000 loggers and sawmill workers responded to the strike call from the district officials of their international union. For more than 24 hours they have been idle. Until they go back to work the forests of British Columbia will yield none of their precious wealth. No finished lumber will be forthcoming from the mills. Building construction in all its variety will come to a halt as soon as the supply of the raw material is exhausted. Before many days have passed thousands of additional workers whose labor entered into the fabrication of urgently-needed dwellings will join the idle battalions. An already totally inadequate supply of newspaper will dwindle to the vanishing point. The number of pages in the Victoria Daily Times will have to be reduced if the strike should be prolonged.

It is not necessary for us to belabor all the implications of this stoppage of work in the logging industry and related activities. The operators and the unions involved are well aware of them. Nor is it our intention to try to apportion the blame. We had hoped that wiser counsels would prevail. But there are certain consequences from which the general public cannot escape. One is that the provincial economy will suffer grievously unless employers and employees settle their differences and resume operations within a day or so. A week's idleness in this basic industry, for example, might well stop the wage cheques of one-third of British Columbia's present working force. For although the carpenter, the painter, the plumber and all those who work with the finished product of the forests are not involved in the dispute, their livelihood must of necessity remain in jeopardy as long as the loggers are not logging and as long as the mills are not milling. Dozens of dependent trades will suffer in proportion.

If there is any redeeming feature in this serious industrial dislocation, however, it resides in the fact that neither side to the dispute has betrayed the least bitterness. It is not a strike against poverty, against intolerable conditions of employment, or against any of the social maladjustments of an earlier day. On the contrary, it is basically a disagreement over the manner in which the relative prosperous state of the worker can be still further enhanced—apart from wage factors. Organized labor's term for one demand is "union security"—meaning, we take it, a condition which must acquire a legality of status that will withstand even the most circuitous attempts to circumvent it or whittle it down in any particular. Whether the relations between the industry and the workers justify this means of driving a new bargain may or may not be debatable. It is nevertheless understood that both sides had agreed to arbitration on the point. It was not adopted.

Union or any other form of security, as most laymen understand the purport of the term, could best be obtained by increased production in every field in the industrial decalogue. For as the general economy is improved by permitting the supply to meet the demand, whether the commodity be lumber or shirts, so will it be possible for wage-earners, organized or unorganized, to enjoy the stability which full employment should guarantee. Inherent in the accomplishment of this condition, moreover, is a question which Canadian labor may be asking itself: Is its best interest being served by its international associations? Many intelligent and capable workers in this country must resent a system of control and direction of their working lives which at times derives some of its authority from an oligarchy in the United States.

On the face of it, this state of affairs exposes Canadian union workers to the charge that they become marionettes under certain defined circumstances. Here, or so it would appear, is the paradox of a progressive body of independent toilers in this progressive land responding to outmoded colonial precepts. Not that this excuses an employer who, by a similar token, exploits a condition in which he may hold a domestic whip-hand. In the meantime, nevertheless, a serious situation, with many ramifications, faces the people of British Columbia.

#### A COMMUNITY JOB

DURING THE WAR YEARS, CIVILIAN organization reached a stage never before attained here. Men, women and youths stood ready to serve, at a moment's notice, the A.R.P. bodies to which they belonged. While the possibility of catastrophe existed they were at the alert. Fortunately the danger against which they stood guard did not materialize, but their preparations were not without value.

It is a far cry from the potential menace

of falling bombs to the actual destruction being caused in this region by tent caterpillars. But there is this analogy; both are matters calling for community attention. Agricultural and horticultural authorities have indicated the damage that has been done and will be done by the crawling pests. Apart from the hideous stripping of foliage from ornamental growth, the larva threaten valuable crops. No small group of men can, however, stamp them out. The job, we believe, could be done thoroughly by the district civilian protection bodies. In addition to having the nucleus of the required organization, members of these groups also have such physical assets as stirrup pumps, which could be used to spray growth with an expensive poison that is deadly to the caterpillar. If action were taken without delay, the garden menace could be liquidated without material interference with the summer plans made by residents of the Greater Victoria community. The action, too, would provide a desirable test of the A.R.P. veterans' ability to resume harness to cope with any future regional danger.

#### SPECIAL PLEADERS BUSY

REPORTS FROM OTTAWA INDICATE that increased pressure is being exerted on the government to abandon its price control policy. The tactics employed are not as brazen as those to which the legislators in Washington are exposed in this Congressional election year; but they are nonetheless potent in their insistence. Various companies and corporations and special pleaders are getting in their fell work.

Progressive Conservative leader John Bracken, by the way, is demanding "relaxation" in price controls on farm products; he would like to see the Canadian farmer get a per bushel return for his wheat comparable to that which the American farmer is getting. This would also mean knocking the floor out from under the wheat market. Minister of Agriculture Gardiner voices a different view; he argues that, since 1901, at least, the main aim of western farmers and farmers' organizations has been to achieve a "stabilized price for the most important commodity which is exported from Canada, and particularly from the west." Consequently, says Mr. Gardiner, Canada today has an excellent chance of a stabilized price for wheat, and he adds: "To me, that is far more important than a price of \$1.75 or \$1.85 for the time being with the possibility of seventy-five cents in a year or two hence."

Mr. M. J. Coldwell, leader of the C.C.F., was equally emphatic when he said: "I wish to make it perfectly clear that we have stood wholeheartedly and solidly for the stabilization of prices." In strange contrast to his statement were the words of the C.C.F. Premier of Saskatchewan, Hon. T. C. Douglas: "If the Dominion government were to make a full-scale retreat from the price ceilings . . . it wouldn't be so bad. If the lid were taken off altogether, farm produce would quickly find its own level." Mr. Douglas did not say whether that level would be up or down.

What the average housewife fears, of course, is that if controls in respect of such a basic food commodity as wheat were to be "relaxed"—as Mr. Bracken desires—the rest of the economy of the nation with which she is seriously concerned might quickly reach a state of imbalance. Her housekeeping money is not likely to increase as the cost of living goes up. There is the rub.

#### 'NEWS' FROM MADRID

SPAIN'S GENERALISSIMO FRANCO recently toured the flooded southeastern parts of the country and the Spanish cabinet reported with considerable éclat the warmth and spontaneity with which the populace had greeted the paunchy little dictator. Last week, in his dispatch from Madrid, the correspondent of The Times of London reported how at a press conference the day before, the Minister of Education, Senor Thamer Martin, had given a glowing account of El Caudillo's journey and connected the suggestion of sinister scientific experiments at Ocaña with the opening "in that quiet village of a saloon called the 'Atomic Bomb Bar'."

But the gilt came off the Minister's narrative when the correspondent in question included in his dispatch his own statement that he had visited Ocaña last week "without noticing either enterprise." All of which goes to prove that it is wise to take a large grain of salt with much of the official intelligence which emanates from Madrid and masquerades as news.

#### CANADIANS

THE SIGNIFICANCE OF CANADA'S new citizenship act will be understood more fully as the result of a small item in a column of this newspaper adjoining that which carried the news of the major measure's passage yesterday. The small story reported the unveiling by Manitoba's Lieutenant-Governor R. F. McWilliams on Tuesday of the war memorial of the German-Canadian Society in Winnipeg. The society contributed 100 members to the Dominion's armed forces in the war. These men, regardless of their origin, were Canadians and were prepared to defend the privileges conferred upon them by this country with their lives. Under the more explicit terms of the new legislation they can be recognized as Canadians and presumably will avoid the folderol which, under the previous regulations, must frequently have placed them, through racial origin, in an embarrassing and humiliating position.

The Japs are sick. Their new constitution outlaws war (since they have no weapons) and now they call on all nations to follow their noble example.

### Commonwealth Defence

By B. T. RICHARDSON

LONDON.

CONSULTATIONS among British Commonwealth leaders in London have dealt with the political aspects of defence and security, among other subjects. That five victorious belligerents should examine the lessons of the recent war involves no anomaly; failure to do so might soon lead to false security.

From the authoritative accounts of the consultations, which the participants have made available to press and public, the overriding principles of Commonwealth co-operation in defence matters are clear. The first fundamental principle is that the primary commitments of the British nations will exist within the framework of the United Nations security system. That such a system will be constructed upon regional lines—as foreshadowed in the United Nations charter—means that one or several British nations will be involved in virtually every regional arrangement that will be erected.

TWO LESSONS drawn from World War II will be applied: 1. That military strength rests upon an economic basis to a greater degree than at any previous stage in military history; 2. That integration of forces and resources of friendly neighbors can be carried to a greater degree than ever before existed. There is no rigid pattern for joint commands and combined staffs, but the recent war provided everyone with much experience in how to solve matters of this kind.

On the industrial side, the Commonwealth nations possess a new and extensive fund of resources which alters the balance of military potentials everywhere. A nation like Australia, for instance, maintained and directed military operations on a scale which other nations of larger population might envy. One significant feature of the present situation is the willingness of the Labor government in Great Britain to consider proposals, such as Australia is advocating, for dispersing war industry.

DR. H. V. EVATT of Australia suggested at a news conference that the southwest Pacific regional agreement for defence might follow the lines of the Canada-United States permanent joint defence board. Australia and New Zealand began the re-examination of southwest Pacific security, even while fighting the menace of invasion. Dr. Evatt's scheme of regional defence, involving co-ordination of Australian, New Zealand, British, American, French, Netherlands and possibly Portuguese interests, appeared as early as his 1943 speeches.

Joint defence is a concept in which Canadians have considerable experience, both in their own regional system and through the war experience of employing forces on several separate fronts in combination with others. Joint defence has now almost supplanted older ideas of Imperial defence. It means separate national identity in military forces and combined responsibility. It has begun to mean co-ordination of lines of communication on a broader scale than Imperial defence ever did.

THE Committee on Imperial Defence, created in London in 1901, has been an agency to secure homogeneity in organization, material, equipment and training. At the Imperial Conference of 1923, when the principle was laid down that each Dominion was primarily responsible for its "local defence," the political question of centralized command was finally laid aside. The 1911 proposal for Dominions' defence councils as branches of the Imperial General Staff (created in 1906) was forgotten in the 1914-18 war. The final stage in which the Dominions under pressure began to improvise their own weapons, training and organization, came in the 1939-45 war.

Australian and New Zealand troops fought in a theatre of war in which the lines of communication were American. They solved for themselves endless problems of adjustment to Pacific conditions. They invented new weapons and borrowed types. The same thing in different terms was happening in Canada. Weapons underwent many refinements; new ones were invented; immense organizational changes occurred. In some instances, Canadian troops went on operational duty with U.S. equipment. These new trends are likely to be permanent.

STRATEGIC BASES will figure prominently in joint defence plans. The Pacific era in which Australian and New Zealand security rested on Singapore ended in 1941. New Zealand had contributed £1,000,000 to the cost of the Singapore base, though neither Australia nor Canada did so. One of the main lessons of World War I has been that forces which will fight together must curtail the complications of too many different weapons, excessive variety in the quartermaster's stores and too little similarity in methods. On the basis of wartime experience, joint defence has opened up new possibilities for the British nations.

#### QUOTING

The Communist Party gives lip service to democracy but it is essentially undemocratic. The methods by which it seeks to gain power disregard altogether the obligation to maintain the standards of conduct which would make life possible in a civilized society.—British Prime Minister Clement Attlee.

Any war commencing within the next few years would of necessity initially be fought primarily with weapons now on hand or in production.—General Eisenhower.

The home must be maintained or our democracy will perish.—President Truman.

### GLOBAL SURVEY

By DEWITT MACKENZIE

Associated Press World Affairs Writer

Word from Prague that the Slavic nations of central and eastern Europe are coalescing into a formal bloc about the Soviet Union is a reminder that Russia has organized this huge territory and oriented it toward Moscow in the remarkably short time of the one year since VE-Day.

That's fast work! No wonder the western democracies are showing concern, especially as to how far the Muscovites intend to try to extend this zone of influence westward.

Of course, Russia already has taken over control of this area, bloc or no bloc, but the development of political affiliations among the numerous Slavic nations is of vast importance. It's of special significance that the influential President Benes of Czechoslovakia is active in supporting the formation of the bloc and has declared that it "will be a political and cultural actuality" despite the fact that hitherto Slavic unity has been largely theoretical.

Is there a limit to Russian ambitions or does she intend to keep right on pushing? And it should be noted that there are various ways of pushing. One method is to work for the introduction of Communism into new

The reliability of any organization is based upon its performance, and our past performance over 25 years is a silent recommendation of our achievement.

# HOUSEHOLD NEEDS

STAPLES, BEDDING, LINENS

Seasonable Requirements at Attractive Prices  
Limited Quantities. No Phone Orders Can Be Accepted

## Reversible Part-wool Bedthrows

Light yet warm. Finished with bound edges. Will wear and launder well. Size 70x90 inches. "Seconds." Each...3.95

## Colorful Indian Blankets

Ideal for camp use or as an auto rug. 70x90-inch size, closely woven and patterned in bright, colorful designs. Each...3.25

## White Flannelette Sheets

Double bed size, 70x90 inches, white with colored borders. Kingscot brand but classed as substandards because of slight imperfections in weave. Per pair...2.69

## Plaid Patterned Bedthrows

72x84-inch size, finished with bound edges. Of good weight cotton and wool mixtures in plaid patterns. Per pair...4.75

## Grey Camp Blankets

Good weight blankets in serviceable grey shade, will stand hard wear. Small size. Per pair...5.75

## English Point Blankets

Famous for their superb wearing qualities. Weight 12 pounds, size 72x90 inches. Per pair...24.75

## Leacock's Printed Bridge or Tea Sets

In many delightful color combinations—colorfast, too. 36x36-inch cloth and four napkins. Wonderful value at, per set...1.95

## Leacock's Printed 9-Piece Luncheon Sets

Four place mats, four napkins and centrepiece. White centres with green and red borders. Boxed, per set...1.95

## Hand-woven, Fringed Table Mats, Napkins, Runners

Ecru centres with colored borders of green, blue and red. Table Mats, each...75¢ Napkins, each...50¢ Runners, each...1.39

## Homespun Tablecloths

In attractive multi-colored effects. Size 36x36 inches. At each...1.75

## Printed Tablecloths

Excellent color combinations, pleasing fruit designs. Size 36x36 inches. Each...1.19

## White Knitted Lace Tablecloths

Pleasing in design. Finished with fringed borders. 36x36-inch size, each...1.95 54x54-inch size, each...3.95

## Cotton-filled Comforters

Warm yet not weighty, their soft filling covered in attractively patterned cotton. Standard size. Each...3.75

## Chenille Bedspreads

Beautiful designs shown in the most popular colors. Full sized. Slightly shopsoiled, so they're priced at...8.95

## Rayon Damask Bedspreads

Good-looking spreads that will launder nicely. Large size, finished with flounced sides. A choice of several pretty shades. Each...10.95

## Cotton Bedthrows

Finished with bound edges. Size 66x70 inches. Each...2.75

## Kitchen Chair Cushions

Comfortable cushions with print or easily-cleaned oilcloth coverings. Each...25¢

## Linen Roller Toweling

White with colored edge. Width 17 inches. Per yard...55¢

## 2½-Yard Roller Towels

White with colored borders. Made up ready for use. Each...75¢

## Knitted Dishcloths

In fancy colors. Convenient size. Each...10¢

## Chenille Bath Mat Sets

Practical, good-looking sets in pleasing designs and colorings. Set of bath mat and seat cover for...1.69

## Cotton Huck Towels

White huck towels, a serviceable quality in a practical size. At each...35¢

## Terry Hand Towels

Good-sized towels in absorbent terry weave. Colored stripes on tan grounds. Per pair...69¢

**Beautiful Smiles Depend on Teeth**

**FINE, SOUND TEETH DEPEND ON FOOD!**

THE beauty of a child's teeth depends so much on proper diet. And Carnation Milk is outstandingly useful in a diet planned to maintain healthy teeth. For Carnation, as it pours from the can, contains twice the calcium and phosphorus found in ordinary milk... and many times the "sunshine" vitamin D. As a drinking milk (properly diluted and chilled), used in cooking, or used undiluted on cereals and fruits, Carnation can do a lot for the teeth of your youngsters.

For menu help and milk information, write for free book, "Growing Up With Milk". The Carnation Company Limited, Toronto, Ontario or Vancouver, B.C.

**The DOCTOR Says:**

**WAR EXPERIENCE PROMOTES GROUP MEDICINE**

By WILLIAM A. O'BRIEN, M.D.

Physicians who served in the armed forces or in the Public Health Service during the war developed a marked interest in preventive medicine, psychiatry, and more effective methods for the distribution and care of the sick and wounded. They discovered, too, that working in groups is the most efficient way of rendering medical service.

World War II records indicate that we had the highest percentage of wound recovery and the lowest incidence of disease in our battle history.

Physicians who participated in these developments are returning to their various communities eager to promote immunization and better sanitation everywhere.

Psychiatry is the medical specialty which deals with the mentally ill. Though there never has been a time when we have had enough psychiatrists, much mental illness can be treated by the general practitioner, as the majority of the cases are mild or are complications of physical failings.

**SPECIALISTS NEEDED**  
Society needs highly specialized hospitals for those suffering from unusual injuries or illnesses, and the teaching hospitals which have been developed in connection with medical schools supply this need. Urban areas have hospitals manned by doctors who can care for all other types of illness.

People who live in the country usually have to travel to reach the type of medical service which is supplied in cities, but many highly trained specialists plan to enter practice in small communities.

The community hospital, it is thought, henceforth will be the centre of medical activities for the general medical practitioner. In the least populated areas, these institutions will contain eight to 12 beds to be used for

obstetric, medical, pediatric, and emergency patients. Community hospitals will not be used for complicated operations, as special hospitals will be located within an hour's driving distance.

**GROUPS ARE PLANNED**

If former medical officers have their way, group practice, in which each physician concentrates upon some particular phase of medicine, will be the rule. Continued education of the practicing physician is possible only if he is able to get a replacement when he goes away, and group practice facilitates this. Then, too, it encourages consultations between the group members, and this assures better service for the patients.

Service physicians are returning to civilian life in large numbers, but many are not re-entering private practice until they can secure advanced training and experience. Medical schools and hospitals are helping them acquire this desired education.

**Local Flying Club Charter To Ottawa**

Charter of the Victoria Flying Club is being forwarded to Ottawa for approval, and a membership drive is being instigated by the organization. It was announced at a meeting of the group Wednesday night.

Outlining provisions of the charter, J. B. Taylor, vice-president, said there were to be four types of members: honorary life members, the number of which could not exceed three; life members to pay a fee of \$100; sustaining members, \$25 and \$5 a year, and flying members, \$5.

Flying members would belong to the club only for the purpose of receiving instruction and would not have a voice in the affairs of the organization.

The meeting learned that fly-

**"PEPSODENT TEETH" ARE WHITEST BECAUSE THEY'RE CLEANEST!**

ing instruction fees in Vancouver were \$12 an hour for dual and \$8 for solo. Average time taken to solo was 10 hours.

Mr. Taylor suggested that a farmer's field in Saanich might be rented for flying, or that an aircraft might be fitted with floats to operate from Esquimalt harbor. Present plans for the group called for the flying members to travel to Cassidy near Nanaimo where a Piper Cub plane donated by J. D. Duncan was being used. Purchase of a Tiger Moth by the club was being contemplated.

**"MAKE WID DE GOLD SEAL!"**

Sylvester, the bear, is taking desperate measures, and who wouldn't! "Gold Seal" Salmon is so scarce these days, but what a treat when you get it! More ample supplies will have to wait until Europe's present food shortages are over. When your grocer does have "Gold Seal," you can be sure it's the same high quality you have always associated with this famous brand.

**GOLD SEAL**—Fancy Sockeye; deep red color. An all-purpose salmon.  
**RED SEAL**—Fancy Coho Salmon—medium red color. A salmon of many uses.  
**PINK SEAL**—Fancy Pink Salmon—lighter in color. Ideal for fish loaves, cakes, etc.

**THE GREAT RIVERS HAVE HEADWATERS IN SWITZERLAND**  
More than 1,000 glaciers exist in Switzerland. These masses of snow and ice slowly work their way down the valleys. They move only one or two feet a day.  
In late spring and summer the glaciers of Switzerland melt at the lower edges. As a result, little streams of water trickle down the mountain sides.  
The glaciers of Switzerland cover about 700 square miles. The water which comes from them, when they melt at the edges, helps to feed small rivers which are headwaters of great river systems. The Rhine river starts in Switzerland, and so do three

other great rivers—the Danube, the Po and the Rhone. Thus Switzerland is the first home of some of the chief rivers of Europe.

Another thing the glaciers do is to dump gravel and mud in certain places. This dumping tends to block up valleys, and in certain cases it has dammed rivers so as to form lakes.  
Lake Marjelen is one of those formed by the dumping of solid material by glaciers. This lake is a mile and a half above sea level. It is of special interest because it often has "baby icebergs" in it. The little icebergs are chunks of ice which break off from a glacier at its edge.  
Scores of waterfalls are to be seen in Switzerland. Rivers leap over cliffs on their way toward low ground. At one place the waterfalls are nearly 100 feet high and 340 feet wide. In another place, a small, narrow stream rushes over the edge of a precipice and drops 1,000 feet.

Switzerland is able to claim the highest railway station in Europe, also the hotel with the highest location. An electric railway winds up the side of Jungfrau mountain until it reaches a point 11,340 feet above sea level. Here the passengers get out and go to a nearby hotel. The guests at this hotel have plenty of snow around them, and are able to go skiing in the middle of summer.  
For travel section of your scrapbook.

## TO THOSE WHO SUFFER WITH the misery of PILES

If you suffer agonizing torture from sore, painful, itching piles, here is a chance to try a simple, home treatment with the promise of a reliable firm to refund the cost of the first package if you are not satisfied with the results.  
Simply get a bottle of Hem-Roid from any drugstore and use as directed. Hem-Roid is an internal treatment whose medication is directed to the removal of the cause of your piles. It is a small tablet, easy and pleasant to use, and excellent results are quickly shown. Itching and soreness are relieved, pain subsides and as the treatment is continued the swelling and inflammation are reduced and the sore, painful pile tumors melt away, leaving the membranes clean and healthy. Get a bottle of Hem-Roid today and see for yourself what no more pleasant way this is to rid yourself of pile misery.  
NOTE—The sponsor of this nation is an old, reliable firm doing business in Canada for over 35 years. Hem-Roid must help you enjoy easy and peaceful pile conditions—must do it quickly, easily, and pleasantly or your own test of this remarkably successful formula says nothing. Try it today.

## Traffic Safety Check Under Way In Victoria

Trucks and cars line up on Quadra Street to undergo inspection in the police traffic safety check campaign which started Wednesday and which will continue daily until the end of the month. Constable Brooke Douglass talks to the driver of the first truck and soon will be putting the machine through a brake test. Lights, horns, headlights, windshield wipers, tires, licenses will also be inspected. Obvious defects will be brought to the attention of the driver and he or she will be expected to have the fault corrected and report to the police at a later date. The campaign is part of an international drive designed to reduce the number of traffic accidents. Thousands of leaflets outlining safe driving practices are being distributed. Cars which pass the inspection are given a red windshield sticker bearing the words: "Police Traffic Safety Check." Different well-traveled streets will be used for the checking.

## International Nickel, U.S. Firm Charged As Trust, Enter Denials

NEW YORK (AP) — The United States government filed in federal court here today a civil complaint charging a Canadian nickel company, its New York city subsidiary, and three officers of the firms with violation of anti-trust laws in connection with the importation, manufacture, distribution and sale of nickel ores, nickel and nickel products.

The firms, described by the government as the world's largest producers of nickel, are the International Nickel Company of Canada Ltd., and its subsidiary, the International Nickel Company Inc. Individuals named are Robert C. Stanley, John F. Thompson and Paul D. Merica—president, executive vice-president and vice-president, respectively, of both companies.

The anti-trust division of the Department of Justice, which filed the suit, charges the firms preserved a monopoly position by cartel agreements with French and German competitors, including the I. G. Farbenindustrie of Germany.

Attorney-General Tom C. Clark said in a statement released here: "This case is among the most important in our anti-trust program for eliminating restraints and monopolies in basic industries. The complaint charges that the defendants conspired to restrain trade in and monopolized the nickel industry in violation of the Sherman Act."

"It alleges that they have monopolized the business of importing commercial nickel and nickel ores into the United States; have monopolized the manufacture, distribution and sale of nickel and nickel products in this country."

The suit seeks complete separation of the business of the Canadian corporation and its U.S. subsidiary, and asks a plan be formulated by the court for

redistributing the assets of the firms to destroy their alleged monopoly, to prevent a continuation of the alleged trade restraints, and to open the nickel industry in the United States to competition.

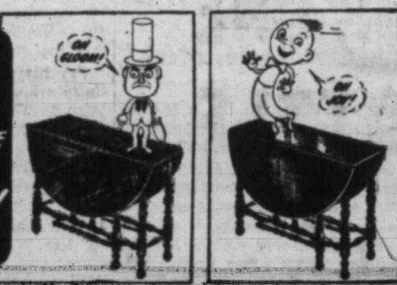

Wendell Berge, Assistant Attorney-General in charge of the anti-trust division, said in a statement: "... The International Nickel Companies involved in this action have combined assets of approximately \$300,000,000; they are the largest producer of nickel in the world; they control more than 90 per cent of the business in nickel ores, nickel and nickel products in the United States, and they have produced, shipped and sold a major part of the nickel-bearing materials, commercial nickel and nickel products consumed in markets outside of this country."

"The complaint seems to be that because the nickel mine in the Dominion is purchased by a large percentage of United States nickel users, our company is to be classed as a monopoly illegal under United States law."

**IN COMPETITION**  
"Our nickel is in active competition with the production of other producers, including that of the United States government itself from the Cuban deposits, and also it is in competition with many other alloying elements. The prices we have charged in the United States have been so low as to require the United States government to give during the war substantial subsidies to our competitors. Our nickel all comes from a small area in Ontario, next door to the United States market, but there are vast nickel deposits owned by others in many parts of the world."

**COMPANY STATEMENT**  
The New York offices of the International Nickel Company of Canada Ltd. said the following

**MIRACLE POLISH**

### Chapter Tea Held For Hospital Work

The spacious reception room in the Jubilee Nurses' Home, presented a gay and animated scene Thursday for the annual nurses' tea sponsored by Florence Nightingale Chapter, I.O.D.E.

Mrs. T. Lumsden, regent, welcomed many guests who enjoyed afternoon tea served from a lace-covered table centred with a bouquet of iris, tulips and narcissi. Presiding at the tea were Mesdames L. Ayland, N. Beketov, G. Mellor and H. Catterall.

At the special guest table Mrs. Lumsden poured tea for Mesdames A. H. C. Phipps, T. W. Walker, G. E. Knechtel, J. Baker, Misses Lena Mitchell and Miss M. Irvine.

During the afternoon a program arranged by Mrs. W. Roskelley was presented as follows: Piano selections, Mrs. R. Graves; vocal solos, Mrs. Allan Pavers and Mrs. R. H. Nash, accompanied by Miss Hilda Kirby; dancing numbers, Darline Doherty, Annette Tanner, Diane Roskelley, Doreen Bull, all pupils of Florence Clough Dancing Academy.

General convener for the afternoon was Mrs. G. Duncan and assisting her in serving refreshments were Mesdames F. Heulin, M. Land, J. L. Gates, L. A. Lucas, Moulson Smith and K. Mills. Mrs. J. E. Jones was at the door and Mrs. G. Elliott was in charge of a grocery basket.

A sum of \$70 was cleared and will be used for the chapter's work in the T.B. pavilion.

### Thea Arbuthnot Weds Naval Officer

The marriage took place in Victoria May 11 of Miss Thea Arbuthnot, only daughter of the late John Arbuthnot and Mrs. Lillian Arbuthnot of this city, to Lt.-Cmdr. Edwin Thomas Davies, R.C.N., youngest son of the late John Davies and Mrs. Ann Davies of Fishgard, Wales.

Miss Arbuthnot's father, the late John Arbuthnot, was the former Mayor of Winnipeg in 1903, and coming to Victoria later, he was associated with prominent coal and lumber interests on Vancouver Island. His wife, the former Lillian Haggert, was well known in earlier Victoria musical circles.

### Y.M.C.A. Ladies Meet

The regular meeting of the ladies' auxiliary to the Y.M.C.A. was held Tuesday, at the home of Mrs. Edwin Tomlin, Woodley Road. Mrs. Walter Walker, president, was in the chair and reports of various committees were read. At the conclusion of the meeting, tea was served by the hostess, Mrs. George Brown and Mrs. W. C. Wells. Next meeting will be held at the home of Mrs. Walter Walker, Weald Road, on Sept. 3.

### Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain often need a nerve and general tonic. Glycero-Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to deficiency of Vitamin B (1) in the diet, \$1.00 at all Cunningham Drug Stores and other Drug stores.

### Has 20 Months' Service Overseas

Miss Phyllis Going, a former member of Denton Holmes Nursing Division here, returned to the city last week-end from service with St. John's Ambulance Brigade overseas.

Leaving Victoria in the autumn of 1944 she drove ambulance in England for one year. First at Southampton, where she met hospital ships and later at Swindon, Wiltshire, where her job was to meet the planes and transport wounded to hospital trains and hospitals. Usually

these were night trips under blackout conditions.

She spent some time in Paris and the past six months has been doing welfare work among British civilians in Nice. Surplus Canadian Red Cross prisoner-of-war parcels, left over on V.E. Day were distributed, one every two weeks, to these needy families.

Miss Going received her second lieutenant's pip last December. She is the daughter of Mr. and Mrs. P. S. Going, 486 Fraser Street.

## Personal Notes

Mrs. Logan Mayhew entertained several friends at the tea hour Wednesday in her home on Beach Drive, to honor Mrs. John Craig, who has come from Toronto to reside in Victoria. Mrs. Harold Husband presided at the tea urn.

Mr. Eric Munro and Mr. Bob Fletcher left this afternoon for the Peace River country where they will spend the summer.

Dr. E. P. Watt of Portland, is a visitor in the city, the guest of Mr. and Mrs. R. J. Muir, 519 Williams Street.

Miss Aileen O'Halloran, daughter of Mr. Justice and Mrs. C. H. O'Halloran, sailed for India last month and is now in Bombay. Miss O'Halloran has been in Washington, D.C., for the past year with the government of India Information Services.

Members of the Venture Club entertained their mothers at tea Sunday afternoon at the Empress Hotel. The guests were received by the president, Miss Virginia Ross, and were presented with lovely gifts by the hostesses, Mrs. Thelma Stephenson and Mrs. Betty Engelhardt poured and serving were Misses Janet Graham, Virginia Ross and Marjorie Laidlaw.

A miscellaneous shower given by Misses Gerry and Pat Smith of 866 Heywood Avenue, Wednesday evening, honored Miss Joy Merriman, who will be married later this month. Corsage bouquets were presented to the bride-elect, her mother, Mrs. F. J. Merriman, and Mrs. R. Obee, mother of the groom-elect. The gifts were presented in a decorated miniature house. Others present were Mesdames F. Chamberlain, A. Merriman, D. R. Creech, R. D. Smith and Misses Joy Merriman, June Flinton, Dorothy Smith, Anne Carson, Thelma Obee and Margaret Obee.

Honoring Miss Nora Flight, May bride-elect, her sister, Mrs. H. Hazzard, and Mrs. R. Stevenson, held a miscellaneous shower Wednesday evening at the latter's home, 1449 Fort Street. Corsage bouquets were presented to the guest of honor and her mother, Mrs. W. O. Flight, and the gifts were concealed in a clothes basket decorated in cream and American Beauty red. The guests included Mesdames K. Cameron, H. Whitehead, J. McKinty, A. Francis, H. Tinker, E. Wilcox, D. McKinty, J. Donaldson, W. McCoubrey, J. Gore, W. McKinty, H. White, A. Barnard, T. Stevenson, K. Elliott, W. Stevenson, Misses Viola Painter, Eileen Pye and Winnie Barnard.

Mrs. G. B. McKenzie and Mrs. W. J. Christensen were joint hostesses at a miscellaneous shower Wednesday at the home of the former, 647 Grenville Street, to honor Miss Peggy Hallam, popular bride-elect. The gifts were found at the ends of blue and white streamers showering from a replica of a naval officer's cap. Misses Dola Christensen, Betty Webb, Bunty Pitt and Marilyn McKenzie assisted in serving. Others present were Mesdames G. Randall, R. Zenell, T. Ballam, H. Dauberry, R. E. Snider, S. Youlton, H. Timberlake, N. Patterson, A. Parkinson, W. Gill, W. Rothery, J. Fox, A. Jaffray, F. Pitt, J. Wells, E. Elwell and the Misses M. Hallam, J. Fisher, P. Timberlake, D. Fox, M. Wells, P. Groves.

## Pythian Sisters Hold Grand Sessions

The 31st annual session of the Grand Temple of Pythian Sisters convened in the K. of P. Hall Wednesday, Grand Chief Mrs. Nellie Ratcliffe of Cranbrook and Vancouver presiding.

Over 100 women attended the grand sessions and all 30 temples were represented. Talent money for the benevolent fund totaled \$340. A donation of \$25 was made to the Grand Lodge Knights of Pythias for comforts for men in military hospitals, and greetings were exchanged with the Brothel Knights of Pythias.

Grand Temple officers present were: P.G.C. Mrs. M. Goucher of Nelson; G.S. Miss D. Clever, New Denver; G.J. Mrs. D. Anders, Nanaimo; Grand Manager Mrs. H. Le Roy, Penticton; G.M. of R. and C. Mrs. N. Behnen, Vancouver; G.M. of F. Mrs. J. Norris of Trail; Grand-Protector Mrs. R. Lovell of Duncan and Vancouver; Grand Guard Mrs. P. Palmer, Rossland; Supreme Deputy Mrs. I. Aitken of Nanaimo; Supreme Deputy Mrs. E. Townley, Vancouver; Supreme Alternate Mrs. R. Downie of Trail; Grand Press Mrs. M. L. Savage, Duncan.

Past Supreme Chief Mrs. K. Davis was also present and given Supreme Honors. Grand Chief of Alberta, Mrs. Goddard, was present and welcomed P.N.G. Mrs. Nelson and Grand Guard Miss Mary Gossett of Port Orchard, Wash.

## P.T.A. News

Margaret Jenkins—Mrs. A. Unwin presided at the annual meeting of Margaret Jenkins P.T.A. when the following officers were elected and installed by Mrs. A. Tinker: Honorary president, W. H. Muncy; president, Mrs. A. Unwin; treasurer, Mrs. G. W. Pottinger; secretary, Mrs. M. A. Shaw; first vice-president, Mrs. L. M. McClellan; second vice-president and literature, Mrs. T. W. A. Gray; membership, Mrs. N. Cummings; program, Mrs. N. Hawco; health, Mrs. B. M. Garay; hospitality, Mrs. C. B. Quest. Mrs. J. R. Nicholson gave a report on the annual convention at Vancouver and it was announced

## Gets Social Work Degree

Mrs. Wilfred A. Rudkin, B.A., the former Erminie L. Webber, who was awarded the degree of Bachelor of Social Work, Class 2, at convocation ceremonies at the University of British Columbia. The name of Mrs. Rudkin, daughter of Mr. and Mrs. W. H. Webber, 1016 Verrinder Avenue, was omitted from the list of U.B.C. examination results published Wednesday.

that the baby clinic sponsored by Margaret Jenkins P.T.A. every other Tuesday at St. Matthias Hall is a success. Graduation exercises and supper will be held on June 19 and sports on June 21. The silver cup for largest attendance of parents at meetings during the year was won by Grade 3. The social convener, Mrs. W. J. Lineham, who is leaving Victoria, was presented with a gift. Corsage bouquets were given to Mrs. Unwin, Mrs. Tinker and Mrs. Lineham.

Mr. and Mrs. H. C. Ashdown, who spent some weeks at the Empress Hotel, have left for their home in Winnipeg. Mrs. Ashdown went to Vancouver Tuesday to visit friends where Mr. Ashdown joined her on Wednesday. They are both well known in Victoria.

## Dorothy Dix

### PETTICOAT TYRANNY.

Dear Dorothy Dix—We are two married men who do not know what it is to be free. We have no personal liberty at all. Our wives take our pay envelopes from us and dole out our carfare and a meagre lunch and no more. They buy our clothes for us and we have to dress according to their taste instead of our own. They bowl us out if we even step to the corner grocery for a package of cigarettes. We support them well, but they make no return in being pleasant to us.

Do you think we are getting a fair deal?

M.J. AND O.P.

Answer—I confess that my sympathy for hen-pecked husbands is diluted by the knowledge that they don't have to stand being hen-pecked unless they like it. If they had any backbone they wouldn't submit to petticoat tyranny. They would walk out on their overbearing spouses and leave them flat.

### MAN HAS ADVANTAGE

In the domestic set-up the man has the advantage over the woman because the hand that holds the purse automatically rules the roost. If a wife knew that her comfortable home, her charge account at the stores and her general well-being depended upon her treating her husband decently, she would be as polite to him as she is to a strange man. You never hear of a woman who has a good job in a store or office who sasses her boss, or tries to dictate to him. On the contrary, she yes-yesses him.

My advice to you two poor, downtrodden creatures is to buck up and show a little spirit. If you have any left after you have crawled on your stomachs so long to your wives. Stage a rebellion. Hold on to your pay envelopes yourselves and hand out the carfare to them. Be men instead of mice, and you will be surprised at the result. You will have your wives eating out of your hands, for a bully is always a coward and knocks under when confronted with authority.

## Organize Association For Former Wrens

TORONTO (CP)—A meeting to discuss organization of a veterans' association for former members of the Women's Royal Canadian Naval Service will be held here May 22, it was announced today.

Similar meetings are planned in all large cities throughout Canada at the request of J.A.V.A. headquarters. Meetings have already been held in Hamilton and Vancouver.

## Compulsory Auto Insurance Receives Strong Public Vote

By Canadian Institute of Public Opinion

TORONTO—If it were up to the average Canadian, every car owner in the country would be compelled to carry insurance to pay for any damages he—or even she—might cause, and car owners themselves would heartily approve.

The strong public support for compulsory car insurance showed up in a national Gallup Poll on the question:

"Do you think car owners should be free to decide whether or not to carry insurance to pay for injuries they may cause, or should they be forced to carry such insurance?"

Voluntary insurance only, 18 per cent; compulsory insurance, 77 per cent; undecided, 5 per cent.

Those Canadians who drive cars would approve compulsory insurance as much as the pedestrian:

	Car Owners	Non-Car Owners
Voluntary	18%	18%
Compulsory	77%	76%
Undecided	5%	6%

Bigger towns and cities, where traffic is congested and the sound of the crumpling fender is heard more often, are considerably more in favor of compulsory car insurance than are the smaller places and farms. For example, about eight in every 10 persons in cities of over 10,000 population approve forced insurance, while only about six and a half in every ten farmers would approve. For this reason, the figures from the various provinces show a higher approval in such heavily populated provinces as Ontario and Quebec, than in the more sparsely populated provinces of the west—even though Saskatchewan has just recently introduced compulsory car insurance.

## Stands By Wife Despite Leprosy

SAN FRANCISCO (AP)—A tall, ruddy army officer, determined to spend the remaining years of his life by the side of his wife in a Carville, La., leprosy hospital, was undaunted today by unofficial word from Carville that his request probably would be denied.

This possible setback came as friends of 65-year-old Maj. Hans George Hornbostel, a veteran of two wars, pushed his petition in Washington.

Mrs. Hornbostel, 52, developed skin trouble while she and her husband were prisoners of the Japanese at Santo Tomas in Manila. Physicians at the San Francisco hospital where she is in isolation believe she had contracted the disease long before, probably while doing research with her husband among Polynesian peoples.

Maj. Hornbostel has no doubt about his decision to join his wife at the leper colony.

## Keep Faith With Religion, Governor Advises Youth Here

"The only fear that students and bobbysoxers of this country need have is that they are frightened because it is they who must stop the fear of future children," Joan Davies, Esquimalt High student said Wednesday at the annual Empire youth rally service at Victoria High School. Miss Davies spoke on "Freedom from Fear" while Macgregor Macintosh of Oak Bay High spoke on "Freedom of Speech." Macintosh said youth must maintain and fight for the soap box of London. "Always should we cherish and not abuse freedom of speech," he said. Patricia Knudsen of Mount View High spoke on "Freedom from Want." She maintained that wise utilization of economic resources could provide unity and cohesion throughout Canada.

"It is the students duty to find out more about Christ, because our present educational system lacks this spiritual teachings," said Vincent Holmes of Brentwood College, speaking on "Freedom of Religion."

Lieutenant Governor W. C. Woodward told the thousand assembled senior students of the high schools that they must keep faith with their religion.

"Make the government your servant, don't be just a servant of any government," he said. Youth today was living up to a high standard and he complemented them for so doing.

The service was opened by H. L. Smith, principal of Victoria High School, and Maj. H. C. Holmes extended greetings.

Victoria High School girl's Hi-Y carried out the parade of United Nations emblems, while the Vic High choir rendered the anthem, "Alleluia" and "The Lord Is My Shepherd."

Deana Gilbert, Mount Douglas High, gave the Bible reading.

## 7-Year-Old Dies Under Tram Wheels

VANCOUVER (CP)—Seven-year-old Johnny Stefanuk died instantly Wednesday night beneath the wheels of an inter-urban tram here. Police could find no witnesses of the accident. An emergency crew worked for 25 minutes raising the car to allow an ambulance team to get to the body.

## Improving Senators End Southpaw Trouble

Rival managers, who have been left-handing Washington since the start of the season, have overcome a good thing.

Realizing the Senators had a line-up of seven left-handed swingers, not including the pitcher, opposing managers saved their southpaw hurlers for Washington, with excellent results in the first two weeks attesting to their good judgment.

In the club's first 14 games, opposing managers shot portside at Washington nine times, with six of them gaining decisions over the Senators.

Then, almost overnight, the Senators solved those troublesome southpaw slants. In their last seven games, the Senators have faced four lefties and have sent them all scurrying for cover. They added another southpaw scalp yesterday when they kayaked young Ted Gray, Detroit's rookie left-hander, in the second inning and went on to win, 6 to 3.

The victory gave them a .500 percentage for the first time this season, with a fourth-place record of 12-12.

A left-hander proved wise choice for St. Louis Cardinals' manager Eddie Dyer. With Lefty Howie Pollet holding Brooklyn to five scattered singles, the Red Birds shaded the Dodgers 1 to 0, to displace the Flatbush favorites as the National League leaders.

### SOX, YANKS BEATEN

Boston Red Sox dropped their second game in the last 19 and their fifth in 28 games this season when they bowed to Chicago White Sox 3 to 2, but did not lose any of their 5½ game lead, as the second-place New York Yankees also were beaten, 8 to 2 by St. Louis Browns.

Cleveland came up with some Grade A pitching to gain a double shutout over the Philadelphia

## Ruth To Preside Over Mexican Loop?

WASHINGTON (AP)—Babe Ruth said Wednesday he had received "no offer whatsoever" to head the Mexico Baseball League—and then amended his statement to add that he might have something further to say on the subject when he returned from Mexico City in about two weeks.

Ruth paused here en route to Mexico City for what he described as a "two-weeks' pleasure trip" at the invitation of Jorge Pasquel, president of the Mexican League.

Athletics, 3 to 0 and 5 to 0. Mel Harder, making his initial start of the season, scattered six hits in the opener to register the 21st victory of his major league career. Steve Gromek allowed four hits in the nightcap.

Chicago Cubs got off on the right foot in their eastern invasion by whipping Philadelphia Phillies 6 to 4 in a 13-inning contest.

Another fine pitching exhibition by Joe Beggs, who notched his fourth triumph without a defeat, enabled Cincinnati's rising Reds to edge New York Giants 2 to 1 in a 10-inning thriller under the arc lights at the Polo Grounds.

### OTHER DECISIONS

Some basketballish scores resulted in the lower island schedule. A 27 to 26 triumph was registered by Youth Action Committee over Oak Bay Wanderers in a B section game of the senior B men. Playing in the same loop an eighth-inning, five-run rally gave Spencer's a 10 to 6 decision over R.C.N. Armament.

### IN B SECTION OF THE SENIOR B WOMEN'S LEAGUE, BOB WHYTE'S HOTSHOTS ADMINISTERED A 37 TO 8 SHALLOTTING TO SPENCER'S. PAGE CLEANERS CAME THROUGH WITH A 37 TO 18 TRIUMPH OVER EQUIMALT CRUSADERS IN A JUVENILE BOYS' FIXTURE.

Short score: R. H. E. Hoyle-Brown: 1 6 2. Ciro's: 3 5 2. Batteries: Tenning and Milliken; Bryant and Harris.

### DOMINOES GREETED BY HIGH STUDENTS

Members of the Victoria Dominoes basketball team, who recently returned from an eastward trek with the Canadian senior A men's hono. title silverware for the fifth time in their history, were given a rousing cheer when they were introduced to the assembled students of the Victoria High School at 1 today.

Principal Harry Smith introduced each member of the team, noting that all but two members of the current edition of the Dominoes were former students of Victoria High School.

### BASEBALL WORKOUT

Eagles under 18 and under 16 baseballers will hold a joint workout at Beacon Hill tomorrow at 6.30.

### INTERNATIONAL AUTO RACE

## Lawn Bowling Faces Banner Season In Victoria

With the five clubs' rosters already numbering several hundred active members, the curtain has been raised on 1946 lawn bowling play and officials of the Greater Victoria Lawn Bowling Association are predicting the most successful season in the history of the thousand-year-old sport.

According to Walter Cross, executive member of the parent body, there has been lots of evidence during the past few years of a marked increase in the popularity of the game here and elsewhere on the continent. He believes that before the current season closes the popularity of the sport in the first postwar period will be proven in the clubs' membership count at the end of the season as compared to today.

While the greater part of the summer is devoted to club and interclub competitions and an island championship event, arrangements are already under way for the staging of the year's deluxe feature—the annual, rich international tournament in the first full week in August under the jurisdiction of the G.V.L.B.A.

In the years gone by the tournament has attracted entries reaching the 500-mark with competitors of both sexes following the roads to Victoria from eastern Canada and the United States.

It is emphasized that more greens are needed. Officials point out green have been promised but never materialized. "Oak Bay, in particular, has been a great disappointment. A year or so ago a green in this municipality looked a certainty, but now seems to be as far away as ever," Cross said.

Lawn bowling got its birth in British Columbia in Victoria and G.V.L.B.A. officials are not certain, but they think this city pioneered the game in Canada.

### FIVE CLUBS AND OFFICERS

Member clubs of the parent formation, their locations and officers are:

Victoria, Beacon Hill Park, where Cook meets Park Boulevard—M. Peterson, president; H. Maltby, vice-president, and J. Maltby, secretary.

Burnside, Saanich, Hampton Road Park—A. W. Stewart, president; W. W. Cross, vice-president, and A. Playfair, secretary.

Victoria West Club, off Esquimalt Road, near the old brewery—Charles Fea, president; J. Kenmure, vice-president, and E. Beane, secretary.

C.P.R., behind the Crystal Garden—Chief Anderson, president; G. Dixon, vice-president, and E. W. Adshad, secretary.

Lake Hill, in vicinity of Lake Hill public park—H. Milne, president; L. Campbell, vice-president, and A. I. Urry, secretary.

### MIXED RINKS MAY 24

An Empire Day program has been lined up for the Burnside Club. It will start at 1.30 in the afternoon on May 24 and is open to all members of the five clubs. Program calls for mixed rinks.

Other features of the season include the opening of interclub championship play May 31 at Burnside, Cameron Nichol and Whitties Cups will be the trophies at stake. Competition will continue on the following four Fridays on other club greens.

Another feature of the competition menu will be the Peace Cup island singles championship event.

### VICTORIA CLUB

Cross, an ardent worker on behalf of the sport, gave a resume of the history of lawn bowling in

the city during the course of which he paid particular tribute to the old Victoria West Brotherhood, now defunct, which played a big part in the formation of the present-day Victoria West Club. Victoria Lawn Bowling Club, he said, was the first club formed here and in the province, and contributed much to game's expansion in the city and vicinity.

Following their seventh straight Western International Baseball League defeat last night, an 8 to 1 pasting at the hands of Spokane Indians, Victoria Athletics are making determined efforts to bolster their pitching staff and inject some much-needed punch at the plate.

First definite action came today when Manager Laurel Harney announced that Dick Conover, a southpaw pitcher with experience in both the Coast League and W.I.L., would join the Athletics today. The property of Seattle Rainiers, Conover should provide the local club with another starting hurler. Harney also stated the A's have lines out for two additional players but refused to disclose their names until the deals are completed.

With close to 1,000 fans pulling for a Victoria victory last night the Athletics showed offensive weakness as they were held to six hits by right-hander Pete Barisoff. Only Victoria run came in the second inning when outfielder Bob Cherry lifted the ball out of the park for a home run.

Seven of their club being credited with base knocks Spokane again displayed the ability to hit in the pinches as they bunched bingles in the third, seventh and ninth innings to score all their runs. Big blow was centre-fielder Bob Patterson's home run over the centre-field wall in the third with one aboard. Patterson had a perfect night at the plate with four for four.

Victoria defeat also marked the first pitching loss of the season for the veteran Al Raimondi. The cagey right-hander had the misfortune to injure his flipper in the first inning but managed to last out until the seventh when he was lifted for a pinch hitter. Frank Bruno worked the last two up two hits but was also charged with five runs and 10 hits.

Athletics benched shortstop Walt Raimondi last night in favor of Bill Koenigs. The latter picked up two hit abut was also charged with a pair of errors.

Clubs will tangle in the fourth game of their series tonight starting at 8. Gus Halborg will parade to the mound for Spokane with Joe Blankenship scheduled for Victoria.

Scores in other W.I.L. games last night follow:

	R.	H.	E.
Wenatchee	14	18	3
Vancouver	4	9	2
Batteries—Greene and E. Fitzgerald; Ford, Synder (5) and Spurgeon.			
Bremerton	9	13	1
Tacoma	1	7	3
Batteries—Painter and Volpi; Colombo, Kasetchuck (3), Jimmink (5), Dupris (9) and Kemper.			
Yakima	1	5	5
Salem	6	7	0
Batteries—MacHugh, Bohnen (7) and Gibb, McConnell (7); Soderburg and Salmon.			

### SOCCER BANQUET

Charlie Lewis, lower island juvenile football commissioner, announced today that the annual banquet of the Lower Island Junior and Juvenile Football Association has been set back to Saturday, May 18, as originally planned.

The event will be held in the former Britannia Branch Hall, View Street, commencing at 6.

## Angling

By "CAP" THORSEN

Saanich Inlet was a spotty fishing ground over the week-end. The angling public was out in fair numbers Saturday, and almost every available boat was rented for the Sunday excursion.

Most scored goose-eggs, some got one or two and very few registered in the higher numbers and bigger weights class.

Another Chinese angler to break into the button-fish ranks was Eng Que. Partnered with Frank Joe, Sunday, he reeled in a 27½-pound salmon to gain the right to apply for a bronze button.

Roy Smith and Tom Alexander, the team which has taken seven salmon over 20 pounds to date, added four fish to their record on Sunday. One weighed 20 pounds, and another 10. Reports have it that Mrs. Tommy Ward was among the heavy fish anglers that day, taking a better than 20-pounder out of the waters in the vicinity of the Stone House.

Jim Armstrong and George Bridges Jr. landed three, Armstrong using a home-made spoon. Chuckling Chuck Kinloch (who always reminds people his name ends with an "h" not a "k") landed a nice fish, according to eyewitness Dan Thomas, who spent most of the day attending to boat improvements. George Fawcett reported the catch of an eight-pounder and the loss of two other fish.

Saturday D. Currie and B. Croft recorded a combined catch of seven of the small-size silvers. Bill Woods hooked a pair.

While the sport-fishing waters had spring salmon in it for some time past, as proven by catches, the first big spring run has not arrived. The salmon angling experts always look for this around the end of May and into early June.

The Smith-Alexander team are getting their fish, angling deep, with Wonder Six 50-50 spoons, lots of wire line and planers. A lot of the light-weight salmon are being caught on the same spoons, or flies, 100 to 200 feet of line and from four ounces to one pound of weight. Mrs. Ward is said to have caught her heavy on a plug. Majority of fish are being taken in the waters around McKenzie Bay, Deep Hole, Stone House and right to the Goldstream end.

## British Shoppers Sharpening Tongues

LONDON (CP)—Effective Sept. 16, the British housewife will be able to change her retailer for all rationed foods except milk and for the first time since the outbreak of war she will be able to tell the shopkeeper what she really thinks of him.

The fact that the rationing law prevented women from changing dealers for such commodities as meat, eggs and fats had led to much dissatisfaction. Women who quarrelled with their dealers or who thought they were not getting a fair deal were unable to trade elsewhere.

Many housewives adopted a manner of civility which they did not really feel toward their retailers in the hope that service would not get worse.

The order just announced by Food Minister Sir Ben Smith affects registrations for meat, eggs, fats, cheese, bacon, sugar and preserves. Housewives may change retailers for any number of these items at any time, provided there is an eight-week interval after the last previous change.

## Students Hear Talk On Photography

"Photography," said Ken McAllister in an interesting talk yesterday afternoon before students of Mt. Douglas High School, "offers to young people an opportunity to mingle something with a bit of warmth and life in it with the art of making a living."

Stressing honesty of purpose in portraiture, the speaker declared, "An interest in art is primary and is a very valuable approach to photography."

For those considering this field, the speaker said it is a good idea to pay attention to other arts. In this respect Mr. Allister spoke of the handicap of not having an art gallery in the city.

The speaker briefly sketched the principle of the camera, the development of film, from the time it would only record blue, and explained the mechanics of the construction of color film for taking pictures in color.

## Name Omitted

The name of Erminie L. Webber, B.A., who received the degree of Bachelor of Social Work, class 2, at the University of B.C., was omitted from the list of results of U.B.C. examinations published in the Times Wednesday. She is the daughter of Mr. and Mrs. W. H. Webber, Verrinder Avenue.

SEATTLE (AP)—The University of Washington picked up a fairly heavy earthquake on its seismograph at 2:16 p.m. Wednesday, but Howard Coombs, in charge of the laboratory, said he could not determine the origin. He said a "wild guess" would be that the quake occurred 2,000 miles out in the Pacific Ocean.

## BABY'S GAS PAINS NEED QUICK HELP—

Don't take chances—don't let baby be miserable and lose sleep along from gas in stomach or bowels when Baby's Own Tablets—gentle and reliable—quickly help soothe your little stomach and clear away overload of waste and gas. Baby's Own Tablets—quickly crushed to a powder, if desired, for baby's use—helps baby to sleep comfortably again—has speedily relieved thousands of mothers. Try Baby's Own Tablets, too, for teething fever, simple fever, constipation and other minor ills. 25¢.

## PROTECT YOUR HANDS

AGAINST GREASE AND DIRT

**Hand-Saver**  
PROTECTIVE CREAM

HAND-SAVER is the new protective cream that prevents paint, dirt, grease and grime from touching your skin. Just rub it on before you start to work—it dries quickly—and it isn't sticky. Then when you wash, all the paint, dirt, grease and grime is removed gently, quickly and surely—leaving your hands cleaner than ever before.

HAND-SAVER comes in a large economy size that lasts longer yet costs little. Get some today from your neighborhood hardware, grocery, drug or department store.

## Three Air Force Huts To Add To Hospital Accommodation

Three air force barracks blocks soon will appear in the front grounds of St. Joseph's Hospital near the Nurses' Home to serve as temporary hospital quarters until the new \$1,000,000 wing is erected.

The buildings, two 120 feet long and 24 feet wide and one 60 feet long, are being taken from the former R.C.A.F. Women's Division quarters at Kilgoban House, Foul Bay Road. They are being cut up into

sections 24 feet by 16 feet, and are being hauled to the hospital grounds by Heaney's Cartage. There erection of them is expected to be completed in a few weeks.

Part of the old wing of the hospital will be torn down to make room for the new wing, and it will be the wards and departments of the hospital in this section that will be housed in the air force buildings temporarily.

## Questionnaire On Staff Efficiency

Department heads at the City Hall are engaged in filling out a detailed questionnaire as to the workings and personnel in their departments at the present time at the request of Ald. H. M. Diggon, chairman of the efficiency survey committee.

He expressed hope that the bulk of the completed questionnaires would be in his hands before he leaves on his trip to visit city halls in other parts of Canada early in June.

The manner in which the department-head fills out the questionnaire will give the efficiency survey committee a fairly clear idea how efficient he himself is, Ald. Diggon explained.

## Saanich Presses For Quick Action On Amalgamation

A meeting of the intermunicipal committee has been called for Friday morning by Ald. B. J. Gaudin, committee chairman, at the request of Saanich, which is pressing for quick action on the amalgamation question.

A delegation headed by Reeve A. G. Lambick, called on Mayor Percy George Wednesday afternoon to ask that steps be taken to appoint a commissioner as soon as possible to study the problem and make recommendations as to how amalgamation could be effected.

Saanich is in the position of needing sewers, street improvements and street lighting badly in its urban areas, and Reeve Lambick contended it would be preferable to have amalgamation before making any large capital expenditures of this nature.

At the buffet supper which followed the launching, Mrs. M. E. Spratt, V.M.D. president, gave a short address and made a presentation to Mrs. Farrell. The Chilkoote was the 29th vessel built by V.M.D. since 1940, Mrs. Spratt said. She was pleased that, in V.M.D.'s first peacetime launching, the vessel would be sailed in B.C. home waters.

## Dickson Bros. Buy Douglas St. Corner; Plan \$15,000 Garage

Plans for erection of a modern storage garage and remodeling of their present premises at a cost of approximately \$15,000, was announced today by Lionel and Gerald Dickson, proprietors of Victoria Garage and Service Station, 813 Douglas Street, who recently purchased the building and property they now occupy and an additional adjoining lot in the rear, for a sum in the neighborhood of \$20,000.

The purchase gives them 60 feet frontage on Douglas and 180 on Burdett, Lionel Dickson, who was discharged five months ago from the R.C.N.V.R., said. The corner property was bought from American interests and the L-shaped lot at the rear from the city, he said.

The plans are already completed for the modernizing of our present premises and we will start on the new storage garage as soon as materials and labor are available.

The Dickson brothers began operating the garage and service station in 1935. Service was curtailed while Lionel was in the Navy, but the garage is once again open for night storage.

The brothers plan a new and completely modern front for the building which was erected in 1927.

## Deadline Friday In Contest For Victoria May Queen

With the deadline on votes for Victoria's May Queen contest set at midnight, Friday, Walter Routh, chairman of the Lions' Club May Queen contest committee, today asked full support of the May Queen candidates.

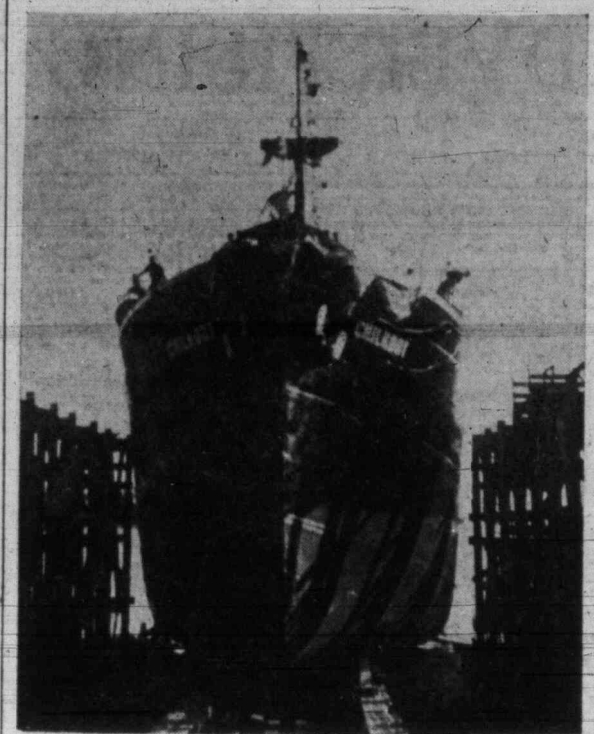

Other plans for the city's three-day May 24 celebrations are well advanced and the souvenir program for the celebrations is coming off the presses today and will soon be in newstands throughout the city. Proceeds from sale of the programs will go to the Queen Alexandra Solarium.

So far, 30 floats have been entered for the May 24 parade and as many as 10 more are expected to be entered within the next week, according to Jack Waters, committee chairman for the Fraternities Order of Eagles, which is handling both the day parade and the torchlight evening parade. Wednesday was to have been the deadline for float entries, but it is expected the further entries will be accepted.

Anyone interested in entering a decorated automobile in the parade is asked by Mr. Waters to get in touch with the F.O.E. office at 735 Yates Street.

The Provincial Recreation Council has written the City Council suggesting appointment of a delegate to the June meeting, and asking for financial support.

## V.M.D. Launches Coaster For B.C. Trade

S.S. Chilkoote slides down the ways.

At 7 Wednesday evening, Victoria Machinery Depot Co. Ltd. had its first official peacetime launching since the end of the war when the converted China coaster type vessel S.S. Chilkoote went down the ways at the Dallas Road shipyard, following christening by Mrs. Gordon Farrell, wife of the president of Union Steamship Co.

Leading officials of the Union company and Frank Waterhouse and Co. (Canada) Ltd. were present with civic and provincial government officials.

At the buffet supper which followed the launching, Mrs. M. E. Spratt, V.M.D. president, gave a short address and made a presentation to Mrs. Farrell. The Chilkoote was the 29th vessel built by V.M.D. since 1940, Mrs. Spratt said. She was pleased that, in V.M.D.'s first peacetime launching, the vessel would be sailed in B.C. home waters.

She congratulated Union S.S. on its enterprise in adding to its

MRS. GORDON FARRELL ... sponsor.

fleet, not only the Chilkoote, but also other vessels now undergoing conversion at other shipyards.

## Streetcar Operator Pleads Not Guilty To Manslaughter

William DeFrane, 26, streetcar operator, pleaded not guilty in Assize Court today, to a charge of manslaughter arising from the death of Peder Pederson, 68, under the wheels of a streetcar, allegedly operated by DeFrane, on Douglas between Johnson and Yates Street, on the night of April 19.

Carew Martin, K.C., is Crown prosecutor, and Herbert W. Davey, K.C., counsel for the defence.

At the request of Mr. Davey, Mr. Justice A. M. Manson said that plans would be made for the jury to see the streetcar to see the field of vision from the operator's position.

First witness called was Dr. E. L. McNeven who viewed the body of deceased at the scene of the accident. A sample of blood was taken from Pederson following further examination at Royal Jubilee Hospital, Dr. McNeven said.

Mr. Davey asked: "Assuming the deceased had 311 milligrams of alcohol per 100 cubic centimeters of blood, would he be intoxicated?"

Dr. McNeven replied: "He would be very intoxicated." At the police court hearing, Thomas W. M. Davis, senior analyst of the bureau of mines of the B.C. government testified the dead man's blood contained 311 milligrams of alcohol per 100 cubic centimeters of blood.

Following are the jury: Ernest H. Emery, foreman, and James E. MacDonald, John J. Kennedy, F. C. Cannon, William B. Cameron, Alfred J. Frewing, Robert T. Murphy, William Armstrong, Albert A. Sabiston, Milton J. Sharpe, Arthur T. Restell and Theodore Unicorn.

A meeting of the Conquer Cancer Campaign Committee will be held at 4 tomorrow, at campaign headquarters, The Health Centre, 750 "andora Avenue. All organizations are asked to send representatives who are interested in this vital community effort. The objective of the Victoria campaign is \$50,000. Col. J. Q. Gillan, O.B.E., is campaign chairman and G. H. Stevens, campaign director.

Building permits have been issued to D. Bule to erect a five-room house at 1310 Burleigh Street, costing \$5,260; to H. B. Doucet to erect an eight-room duplex at 405-7 Langford Street, \$7,500; and to J. E. Lowrie to erect a five-room house at 1112 Summit Avenue, \$5,200.

## Victorians Elected To High Office In K. Of P. Lodge

Two Victorians were among those elected to office today in the Grand Lodge, Knights of Pythias, now in its second convention day in Victoria.

They are R. G. Toppliss, elected Grand Vice-Chancellor, and H. R. Brown, Grand Outer Guard. Other officers are: P. J. McKim, Kimberley, Grand Chancellor; C. R. Morrison, Vancouver, Grand Prelate; F. J. Harding, Vancouver, Grand Keeper of Records and Seal; J. B. Slough, Vancouver, Grand Master of Exchequers; J. L. Bowring, Penicton, Grand Master-at-Arms, and Horace Simpson, Trail, Grand Inner Guard.

Mr. Toppliss is a member of Capital City Lodge No. 61, and Victory Lodge, No. 63, Sidney. He played an active part in organization of Val d'Or Lodge, No. 62, Pioneer Mines, as well as spending considerable time in organization of Pythia lodges on Vancouver Island.

Mr. Brown is also a member of the Capital City Lodge. For the last four years he has been organizer for the Grand Lodge and was instrumental in the institution of seven new lodges on the island. He also played a leading part in organizing and construction of Capital City No. 61 Castle Hall on Cormorant Street.

Installation of officers took place this afternoon.

Wednesday evening the Pythias held a banquet and ball at Crystal Garden. Mayor Percy George welcomed the delegates. Other speakers were Frank Paulding, Y.M.C.A.; Grand Chief Sister Nellie Ratcliffe, Past Grand Chancellor J. Douglas, Past Supreme Sister M. Davies, Vancouver; Grand Chancellor C. Baxter, Seattle, and Grand Keeper of Records and Seal S. Mitchell, Olympia, Wash.

## Coal Output Down

Coal output for British Columbia was more than 11,000 long tons lower in April this year than in April, 1945, the chief inspector of mines announced today.

The total for Vancouver Island was only 516 long tons lower at 48,069 tons. However, totals for the whole province were 131,991 tons in April, 1945, and 120,814 tons in April, 1946.

Capt. J. C. Edwards, R.C.N., has informed Ald. W. L. Morgan, chairman of the Memorial Day committee, that Chaplain T. H. Godfrey will be on hand for the June 2 and 6 services.

## WATCH

for the announcement soon of the re-opening of this Music and Fine Furniture Store, which is now preparing for bigger and better service with facilities well worthy of the old established name.

## FLETCHERS

### Fire Barge Shows Efficiency In Demonstration Here

Tenders will be called shortly for the painting of Victoria's fire barge with lead oxide to keep it in good repair, Ald. H. M. Diggon, chairman of the fire wards, said after Wednesday's demonstration of the barge in operation.

For more than half an hour the barge circled around the Inner Harbor with all six hoses spouting full blast, while interested Victorians clustered on the Causeway to see how it worked.

The six-man crew demonstrated its mobility and quick manoeuvrability, and following the Inner Harbor demonstration went around to the mill and warehouse district to see how close in they could take the barge in event of fire.

It was shown that the barge could go right in, practically on top of any fire burning on the waterfront, Ald. Diggon stated. He expressed alarm at the fire hazard evident on the old Puget Sound mill site, where there is a large amount of mill debris.

Fire Chief Joseph Raymond said the fire department has made repeated efforts to have the owners clean up the property which is both an "eye-sore" and a distinct fire hazard. "What we would like to see is the property disposed of and a new establishment put up there which would bring revenue into the city as well as cleaning up the mess there," he said.

The fire barge is still the property of the Dominion government on loan to the city, Ald. Diggon said, but the city contracted to keep it in good condition and it is badly in need of the new coat of lead oxide. Application has been made by the city to Dominion authorities to get permanent possession of the barge, he said.

Lieut. O. Griffin and J. Sutherland served as pilots and operators for Wednesday's demonstration. W. Matthews was the mechanic, and other crew members were Lieut. F. Briers, G. Kulal, and J. Aspinwall. Fire Chief Raymond and Ald. Diggon were also on board for the demonstration.

## \$13,500,000 Merger Of Island Lumber

Launching of the largest timber and lumber mill deal in the history of British Columbia with the formation of the \$13,500,000 B.C. Forest Products Ltd., reported to be merging several Vancouver Island timber concerns, including Cameron Lumber Co. Ltd. and Hemmingsen-Cameron Co. Ltd., both of Victoria, were announced in Vancouver today.

D. O. Cameron of the Cameron Lumber Co. Ltd. reported there had been no definite developments in the taking over of his companies.

The Vancouver report said the new concern will control timber holdings totalling 3,000,000,000 feet of lumber, planned production of 200,000,000 board feet of lumber annually and would employ 1,700 persons.

Beside the two Victoria concerns, the Hammond Cedar Co. of Vancouver, Industrial Timber Mills, Lake Cowichan, Osborn Bay Timber Buyers Ltd. and Renfrew Holdings Ltd. were reported to be involved in the merger.

The deal has been put through by E. P. Taylor of Toronto, the industrialist and financier who two years ago bought the Victoria Lumber and Manufacturing Co. Ltd. mill at Chemainus and the company's vast timber tracts on Vancouver Island, said the Vancouver reports.

## Powell River To Run As Long As Possible

POWELL RIVER (CP)—Pointing out that its employees are organized under the International Brotherhood of Papermakers and the International Brotherhood of Pulp, Sulphite and Paper Mill Workers, the Powell River Company today stated there is no issue between the company and those unions in connection with the strike called by the International Woodworkers of America.

"The company will continue to operate so long as raw materials are available for the purpose," the statement continued. "This period of operations we cannot predict at the present time, but the Powell River Company will,

### Tea Parties

Luncheons... dinners... receptions... banquets... in an incomparably lovely setting (private swimming pool, too). For reservations call Miss Edmondson.

In the interests of its employees, its newspaper consumers, who are a public service, and the general public, make every ethical effort to operate as long as it possibly can.

Approximately 400 loggers are affected in Powell River and surrounding districts by the strike. The effect of the strike, if continued, will spread at any time from three days to three weeks to affect many more—at least 2,000 people, employees of the Powell River Company mills and those directly dependent on mill operations though employed by independents.

## Uganda Back Friday

When the Canadian cruiser Uganda returns to Esquimalt Friday, she will bring home with her over 700 officers and ratings who made a complete round trip of South America and had the honor of being the first to sail a Canadian warship around Cape Horn.
